

TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, forklifts play an important part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the United States, forklifts gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread internationally.

In the year 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the business is simply called TCM Corporation. Over the years, TCM forklifts have become a worldwide leader in forklift manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes several models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
